OSCLOUD

$ oscloud --degoogle --step-by-step

De-Googling

step by step, no stress

What to replace with what. Everything you see here is run by us, a non-profit association.
You do not have to switch everything at once, start with your photos.

~~Google Photos~~

Ente Photos

oscloud.photos

Photos are encrypted right on your device, not even we can see them.

10 GB free forever

~~Google Drive, Calendar~~

Nextcloud

Files, sharing, calendars and contacts in one place.

2 GB free · from 15 CZK/mo

~~Gmail~~

Your own e-mail

A mailbox on your own domain. We take care of administration and backups. Ordered together with web hosting.

from 19 CZK/mo

~~Google Chat, WhatsApp~~

Matrix

mxchat.cz

Federated: you can message people on other servers. OSCloud support runs over Matrix too.

~~Cloud password managers~~

Vaultwarden

pass.oscloud.cz

Compatible with Bitwarden clients: web, desktop, mobile and browser extension.

open registration

~~Google Search~~

SearXNG

searxng.cz

A search engine that sends your queries to several sources.

open to everyone

~~Google Docs~~

CryptPad, HedgeDoc

Private shared documents and shared Markdown notes.

free · SSO, one password

~~YouTube~~

PeerTube

vhsky.cz

Video sharing without a central platform.

open registration

~~Instagram~~

Pixelfed

pixelfed.cz

Photo sharing in the Fediverse.

open registration

~~X (Twitter)~~

Mastodon

mamutovo.cz

A decentralised social network.

open registration

~~GitHub~~

Forgejo

git.oscloud.cz

Your own Git hosting: private and public repositories, issues, pull requests. Single sign-on.

open registration

~~Strava~~

FitPub

makni.cz

Sports activities in the Fediverse.

open registration

~~Algorithmic feeds~~

FreshRSS

An RSS reader instead of algorithm-sorted news.

free · SSO, one password

Start for free

Try the Community plan: Mastodon, Pixelfed, PeerTube, SearXNG, CryptPad, PrivateBin (after registration), FreshRSS, HedgeDoc, Vaultwarden, Forgejo and Nextcloud with 2 GB.

oscloud.cz/en

Non-profit operation, OSCloud, z. s.

Support via Matrix and helpdesk on all plans

Server at Hetzner (Germany), regular backups
